

Year 2 Newsletter Spring Term 2011

Celebrations

Happy New Year!

We will be starting the term with a pantomime about Dick Whittington and spending a week on activities linked to the story.

For the rest of the half term, the children in Year 2 will then be following a new unit of work about Celebrations, with a focus on weddings. We will be finding out about how people in our families celebrate different events and will be learning about Christian and Hindu weddings.

In Science, the children will be looking at different kinds of materials, their properties and why certain materials might be chosen for a particular job.

In art, we will look at how decoration is used in celebrations and we will be learning celebration songs and composing celebration music. Our Technology work will be planning and making an outfit for a Hindu wedding and cooking Hindu food. We hope that you will be able to join us for some of the activities in our Parent Workshops later this term.

P.E. will continue to be on Thursday morning for 2SG and Friday morning for 2GM. Please make sure your child has **shorts, T shirt and sandshoes/trainers to change into.**

Thank you for your continued support.

Mrs Gillings, Mrs Gray and Mr Matthews.
