Date: 9th May 2011

Dear Parents / Carers

Welcome to those new children joining us for the first time this term.

This term our work will be themed around 'Keeping Healthy'. We will be growing vegetables, investigating fruit and retelling stories such as 'The Hungry Caterpillar' and 'Handa's Surprise'. We will be discussing the importance of having a healthy lifestyle and how to look after our bodies. The children's role play will be a fruit shop and the medical centre.

Please come along to the Book Worm sessions on a Wednesday to share a story and a song with your child and find out what they are learning in school.

Just a reminder

Children will need to be dressed for all weathers this term, both a coat and especially a **sun hat** will be needed so the children can work out doors (ensure they are labelled with your child's name). Please, on hot sunny days, can you apply sun cream to your child **before** they come to school.

Toys and activities are often set up in the outside learning areas. Please ensure children do not use them before or after lessons as sometimes we are finding that the toys are getting broken and lost.

Please check your child's hair regularly for head lice.

Thank You for your on going support.

Mrs J Marshall, Mrs Brady and Miss Morgan.
